City
Will

(Continued from Page 1.)

session, Alderwoman Gabrielle Betine stressed the need for the city to consider its major problem—flooding.

She suggested the council meet with the citizens' group that planned drainage and sewage treatment with other individuals to work out a suitable plan to stop flooding.

"The \$10,000,000 program was defeated because the people lacked confidence in the city administration; and the new council's plan failed because of the lack of knowledge," she remarked.

"I think the council is doing wrong if we let people think we don't care and just let the city rot because of the flooding. There aren't the facilities to take care of the present load of sewage and drainage. We've made mistakes, but we should be able to come up with a solution. No action was taken on her suggestion.

At this point, at 10:10 p.m., Aldermen Moerlein and William Dallas left to go to work.

Alderman Samuel Whitmer said he was convinced that drainage was needed, but that Granite Cityans just didn't want to pay for interceptors. McGee added that the vote last week in the Sixth Ward indicated that the people did not want interceptors.

Comments were added by G. H. Sternberg, claiming the \$10,000,000 bond election in 1962 and the \$2,000,000 last week. He said the \$10,000,000 failed due to votes by individuals who were honestly against it; those who couldn't afford it and because of inept presentation of facts.

Steve Banashik added that he noticed the only cities with no pollution problems are those that went with the levee board."

tions which she sent out early this week, the county clerk noted that candidates for county offices in the Democratic primary election must have a minimum of 223 signatures, while prospective Republican candidates need 123 signatures.

These figures are half of 1% of the highest vote totals in November 1960. Congressman Melvin Price led Democratic balloting with 44,478 and U.S. Senator Everett M. Dirksen topped the Republicans with 25,686.

Precinct committeemen candidates are to obtain ten signatures.

Miss Hotz is reminding the public that "Mrs. Mary Jones" is an acceptable petition signature but "Mrs. John Jones" will not be accepted as a legal name in a petition.

Two Local Men Named
To U. Of I. Committee

Two Granite Cityans were named to the 1963 University of Illinois citizens committee, it was announced this week at Urbana.

They are Howard W. Kaseberg, grain and beef cattle farmer, and Nicholas P. Veeder, chairman of the board and president of Granite City Steel Co.

Created in 1953 by the university board of trustees, the citizens committee is composed of "public spirited and opinion-forming citizens" who help interpret the university's operations to the public and to reflect citizen points of view to the university administration.

Members will meet in five regional and one general session this year.

Trials For Four Set
Next Week In Court

Trials for four area defendants are set for next week in Madison county circuit court at Edwardsville.

They are Henry L. Odum, 31, Viola Jones Homes, Venice, charged with burglary and theft; and Willie Johnson, 38, of 160 Harris street, Eagle Park Acres, Daniel C. Scott, 36, of St. Louis, and Lavator Louis, 18, of 169 Harris street, charged with attempted robbery.

\$350 Fire Damage At
Home In West Madison

Fire at 12:50 a.m. Wednesday threatened the two-story frame home of Mrs. Othello Davis, 906 Jefferson street, West Madison, but was limited to about \$350 damage to the building and contents. The flames, attributed to defective wiring, spread up a wall and stairway. It was learned from John Belcoff, assistant Madison fire chief.

Fire Chief E. J. Miller is in St. Elizabeth Hospital this week for a check-up and treatment.

Student Bitten By Dog

Dave Wieseman, 14, of 1220 Robin street was bitten by a dog on the left hand at the Venice public school Wednesday morning. The dog was located and is to be kept under observation to determine if it has rabies.

GC Relief, Town Costs-\$4813

Relief and town fund disbursements totaling \$4813, of which \$3813 was for general assistance and \$900 for town purposes were approved Monday night by Granite City council members.

The relief bills included \$2722 for food, \$131 for medical expenses, \$310 for rent and \$41 for fuel. Administrative costs were \$73 for office rent, \$496 for half-month salaries for office personnel, \$25 for postage and \$16 for utilities.

The \$908 town fund disbursements were \$716 for half-month salaries for assessor of office personnel and the supervisor, \$75 assess office rent, \$7 for assessor office supplies and \$108 for deputy assessor Mrs. Catherine Herman and \$108 for deputy assessor Richard Reber.

Fund balances of \$36,249 were reported to the council for Nov. 30 by Supervisor Nelson Hagauer, who submitted his monthly financial reports for the general assistance and town funds.

The general assistance report showed November was started with a \$32,435 balance, income through reimbursements amounted to \$228 and disbursements were \$12,416, leaving a Nov. 30 balance of \$20,247.

In the town fund the Nov. 1 balance was \$20,481, disbursements totaled \$4478, and the Nov. 30 balance was \$16,002.

Parking Ban To Be Set In Block Of 26th Street

A change in plans for parking restrictions along 26th street between State street and Grand avenue was proposed at Monday night's council session by G. H. Sternberg, chairman of the Street committee.

The plan now is for parking to be prohibited at all times along the north side of the block. Earlier it had been proposed to eliminate parking only when there were services at the Third Baptist Church.

Authorization was given for a no-parking ordinance to be prepared. Sternberg said the church also has requested permission to install a driveway for its parking lot.

He explained that parking on both sides of the street has been causing traffic congestion, especially since 26th street is on the Bi-State Transit System route.

Taken under advisement by the committee was a request from Lindsey Trucking Co., 1716 and Grand avenue for traffic parking controls and sidewalk repairs.

The firm is requesting stop signs on Grand avenue since 17th street is more heavily traveled.

Concerned Over Nimeoki Road
Sternberg called for a more concerted effort to complete property appraisals for the long-proposed widening and resurfacing of Nimeoki road. He said a recent conversation with state highway officials showed that only few of the 40 individual property appraisals had been submitted to the state and several of those were returned for revision.

The chairman said the work from Madison avenue north to the city limits was scheduled for this year, and that the city should instruct the appraiser to complete the job, Mayor Davis said.

Granite Cityans wishing to enter the Jaycees annual Christmas home decorating contest have until Dec. 20 to submit an entry form, according to a reminder issued today by contest chairman Donald Young.

The Jaycees this year have set two divisions for judging between Dec. 23 and 27, and the cash prizes in each division will be \$50 for first place, \$25 for second, \$15 for third and \$10 for fourth.

Division One includes home lighting displays costing from \$0 to \$150, and Division Two for displays costing \$150 or more. The contest is conducted each year by the Junior Chamber of Commerce and Illinois Power Works Co. Entry blanks are available at the power company office and from Jaycees members.

said he would follow through on the request.

The council's effort to secure state approval for use of motor fuel tax funds to improve a section of north-south Johnson road, half of which is outside the city limits, is gaining. Sternberg said, adding that a new official is in charge of such a program. "I heard he stresses detail, and it might pose a problem," however, Sternberg said the Illinois Municipal League has pointed out the MPT funds may be used for county roads within its boundaries. A conference is to be arranged to solve the problem.

Sewer Warning System
The committee is expecting in two weeks to have ready a proposal for installation of a warning system for sanitary sewer lift stations. The installation is included in the budget, and plans had to be revised after initial bids were received earlier this year.

A purchasing procedure for street department materials, prepared by the Street committee, has been presented to the council's Finance committee for study. Sternberg reported. The committee is recommending the city seek bids for such items as gasoline, oil, tires and other materials used by the department.

Alderman Walter Nonn started to voice protests, but then agreed to wait for the Finance committee recommendation.

Permission was granted for the Church of Christ, 29th street and Washington, to erect directional signs along Madison avenue in the vicinity of 29th street.

Home Yule Lighting Contest Closes Dec. 20

Granite Cityans wishing to enter the Jaycees annual Christmas home decorating contest have until Dec. 20 to submit an entry form, according to a reminder issued today by contest chairman Donald Young.

The Jaycees this year have set two divisions for judging between Dec. 23 and 27, and the cash prizes in each division will be \$50 for first place, \$25 for second, \$15 for third and \$10 for fourth.

1000 HOURS FREE PARKING is presented by the \$50 worth of nickels being turned over to Granite City Parking Meter Patrolman Joseph Nemeth this week by Miss Sharon C. Rose, secretary to Alvin Barnes of the Associated Retailers. Each holiday season the Retailers supply nickels to the meter patrolmen to provide an hour's free parking to downtown shoppers. The total amount for the holiday season averages \$150, to \$200 worth of nickels for free parking. The hour started this week.

Renovation Of Police Quarters Under Study

Renovation and expansion of police department facilities in Granite City will be the topic of a meeting set for 7 p.m. Friday at the city hall for members of the Board of Fire and Police Commissioners, the City Hall committee and Police committee.

Announcement of the meeting was made during Monday night's council session by Alderman Casner Skutumpah, chairman of the City Hall committee.

In past years, the council has discussed modernization of the cell blocks and improvements to the existing office facilities other than the chief's office which has been remodeled and refurbished.

Discussed by council members in 1950, and Division Two for displays costing \$150 or more. The contest is conducted each year by the Junior Chamber of Commerce and Illinois Power Works Co. Entry blanks are available at the power company office and from Jaycees members.

School For Towboat Chief Engineers Set At SIU

A new School for Towboat Chief Engineers has been scheduled at Southern Illinois University, Carbondale, for Feb. 24-28.

Developed in cooperation with leaders from the barge and towing industry, the new short course is designed to serve the inland waterways transportation industry, according to Alexander R. MacIntosh, chairman of the university's Transportation Institute.

The program for chief engineer is patterned after the two-part school for towboat masters

already established at Southern. Each is concerned with presenting the latest information and thought applying to special operational groups in the barge and towing industry.

\$546,800 In New Building Permits Issued Last Month

A building permit issued to Granite City Steel Co. to erect a steel processing building at its north plant at an estimated cost of \$314,000 sent the total value of new building in Granite City to \$546,800 for November.

Earl Bloomquist, building inspector, and City Clerk A. L. Stevens issued 33 permits for the month, compared to 72 in October representing total construction values of \$301,226.

The contractor for the steel firm is the Nelson Construction Co. The steel company paid a building permit fee of \$628 to the city.

Instrumental in boosting the November total was a permit issued to General Steel Industries for a \$175,000 betatron building.

One New Home
During the month only one permit was issued for a new home valued at \$14,000; three were for additions to homes, \$4600; 10 for garages and carports, \$7450; 13 for remodeling and repairs, \$11,550; two for trailers, \$18,200; and four for commercial-industrial purposes, \$301,000. In addition, one permit was issued to raze a structure at a cost of \$100.

During the last week of the month John Long obtained a permit for a trailer at 2828 East 23rd street, \$9200; Troy Mohon, 4007 Melrose avenue, was issued a permit for a two-room addition to his home, \$1300; John Petrovich, 3604 Franklin avenue, received a permit for a new roof, door and trim, \$1750.

Four permits for garages and carports were issued to William Robinson, 2721 Maryville road, a garage, \$1200; Hildred Schilling, 2669 East 23rd street, a garage, \$300; Jack Bosworth, 2916 Sunset drive, a garage, \$1400; and Joe Palovchik, 1817 Ferguson avenue, a carport, \$600.

Canvass Confirms 732-1364 Bond Vote Defeat

Canvass of the returns of the Nov. 26 special election for a \$2,200,000 bond issue to build intercepter sewers, confirmed the 1364 "no" to 732 "yes" defeat of the proposal.

The canvass was conducted Monday night by Granite City council members, taking only a few minutes for the aldermen to scan the poll books.

The election resolution showed only 2206 votes were cast, and of those 110 were spoiled, giving a total official vote of 2096. The city had 21,900 official ballots printed for the election.

Total cost of the election has not yet been compiled. However, the cost of hiring election judges, polling place rent and polling booth expenses amounted to \$3849. Cost of the 21,900 ballots and 15,000 leaflets giving the Special Pollution committee's report to the city has not been received by the city.

East St. Louis Lincoln Uses Shagogg And Rolls Past Venice Lincoln, 77-52

Lincoln of East St. Louis went ahead and used the big boy, and it hurt.

The big boy is Clifford (Barth) Shagogg, a 6-5, 220-pound bundle of basketball power. He will be ineligible for high school competition when he reaches age 19 on Sunday.

But that didn't help the Lincoln Rams of Venice on Tuesday night. Coach Earl "Tree" Harris unexpectedly used Shagogg and the big fellow was a key factor in the Tigers' 77-52 victory over the Rams in East St. Louis.

Shagogg scored 11 points but his big strength was under the boards. "His size and weight gave us a lot of trouble," said Coach Stan Lynch of the Venice Lincoln club. "We were able to contain the other boys quite well, but not Shagogg."

And, when the Rams closed in around Shagogg, a little fellow on the outside caused trouble. He was 5-9 Vaughn Jackson.

High School Tournament

A holiday tournament for teams in the High School League of the Granite City park district's basketball program is scheduled for 20-27-28.

It was announced today by Harold Brown, director of parks and recreation.

Brown said the first eight of the 12 teams in the league to enter will make up the tournament.

Trophies will be presented to the first and second-place teams, plus the winner of the consolation bracket. Trophies will also go to the five all-star players in the tournament.

Booster Club Will Send Cagers To SLU-MU Game

Granite City high school's basketball team and two coaches will be guests of the Boosters of the Fighting Warriors at the St. Louis U.-Missouri U. basketball game Dec. 21 at Kiel Auditorium.

The Boosters approved the measure at a meeting attended by about 30 members last night at the Rose Bowl. The club also voted to attempt to provide a ticket for some of the Warriors.

It was announced that two high school in St. Louis, Lynch club members, dressed in Warriors costumes, will help rally the team at tomorrow night's Collinsville game. The costumes were made by Mrs. Leonard Lovejoy.

Larger and were used for the game at Tuesday's game. The Collinsville game is scheduled for 8 p.m. at the Collinsville gymnasium early to avoid a ticket traffic-jam. Section ticket holders at Granite City fans to arrive at the Collinsville game.

Only two points separated the teams with 2 1/2 minutes remaining. St. Mary's scored a field goal and then went into a stall to clinch the game.

St. Mary's 1st team was swamped, 23-8. The Madison team goes to Edwardsville Monday night for a game with St. Boniface.

City high may obtain advance tickets to the game from Principal Lawrence McCauley.

The club also plans to send a delegation to the open wrestling match tomorrow night.

St. Mary's Defeats Collinsville, 22-16

St. Mary's defeated St. Peter & Paul of Collinsville 22-16 in an eighth grade basketball game last night at Madison junior high school.

New Public Schools Program

Boys Take Marine Fitness Tests

Today's youth is going soft. At least that's the opinion of many authorities in education, athletics and the military services. Kids just don't get enough exercise these days, they say.

Youngsters ride to school and they spend long hours lounging in front of TV sets. Sure, the few that participate in interscholastic athletics keep in pretty good shape, but what about the majority?

One answer to the problem may be the step-by-step physical fitness program launched this fall for boys at Granite City's public junior and senior high schools.

This tougher and (it is hoped) more beneficial program was devised by the U. S. Marines and adapted to the local physical education system by Dick Yates, director of athletics.

Think Back, Folks
Parents, turn your memories back, back to those dark days when you went to school. What did physical education classes (if you had any) consist of then?

Most likely, the classes consisted of playing a little touch football, basketball or softball depending on the season. At any rate, you didn't have to exert yourself very much.

But, of course, in those days you got exercise on those long, long walks to school through that deep, deep snow that you love to tell your kids about. But today you see, things are quite different.

That's why Yates has installed the Marine physical fitness tests—including the 300-yard run, pull-ups, push-ups, squat thrusts and sit-ups—in the local program.

More Rigorous
"Previously," Yates said, "we had been giving the AAEPER (American Association of Health, Physical Education and Recreation) tests, but we felt we needed something more rigorous."

The AAEPER tests included pull-ups, sit-ups and a 50-yard dash, but also some items that Yates and his staff felt were less than satisfactory. These included a short shuttle race, standing broad jump, softball throw and a 600-yard walk-run.

When Yates heard about the Marine tests, he thought they might be the answer. The tests are being given to groups at Prather, Coolidge and Central Junior high. At the high school, the tests are being administered individually.

An overall average score of 250 is passing for high school students, but the junior high instructors will have to meet to determine the passing mark for their boys. The Marines have not established a mark for that age level.

Fall and Spring
Yates said present plans call for the tests to be given in both the fall and spring at all the schools. A boy's progress will be noted on scoring charts, which will be kept as long as he is in school.

If a boy cannot pass the requirements in a certain exercise, the physical education instructors will set up individual corrective exercises for him. The boy will work on strengthening his weaknesses until he makes a passing mark.

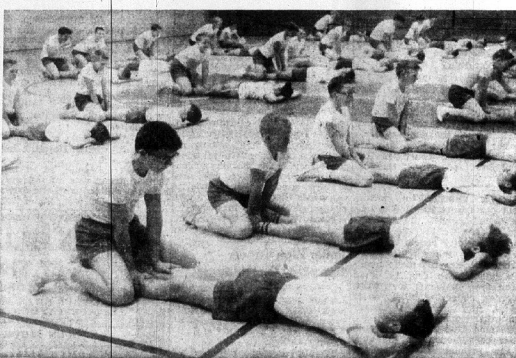

"Eventually, we hope to add this to report cards," Yates said. "No specific grades—just passing or failing in physical fitness."

Yates explained that certificates are usually given upon successful completion of the Marine tests. But, because of time limitations, all the tests cannot be given at one time as recommended, so the local schools' scoring value will not compare equally with the U. S. Marine competitive scores.

A Serious Business
So, even though many parents and other residents of the school district don't realize it, physical education in Granite City public schools is a serious business.

P. E. classes are not just a fun period thrown in to break up the academic day. Development of the body is considered by many to be just as important as development of the mind.

Yates reflected this serious attitude in a recent bulletin to his staff. He wrote: "These

BOYS EMPLOY "BUDDY" system for sit-ups at Prather.

strength tests are designed not a man of any age, but vital to only to test physical strength, teen-age youth.

But also to help a boy gain confidence. "Emphasis must be placed on the value of the test as a determination of fitness is lost."

Those exercises performed to the exactness demanded by the test should be accepted; otherwise, the value of the test as a determination of fitness is lost."

GC, Alton Courts Needed To Serve Public-Attorney

Losses in administrative efficiency have been offset by the gains for the general public if Madison county courts function at Granite City and Alton as well as Edwardsville.

The attorney is one of many in the county currently taking respectful but clear-cut exception to centralization plans developed by Chief Judge James O. Monroe Jr.

The study that has been made shows that centralization would be more efficient, Beatty said. "I wouldn't argue with that. But this does not mean efficiency or convenience for the public; it means efficiency for the attorney or administrative aspects."

Efficiency is not the true test of justice. If we wanted full efficiency in a judicial system or in a form of government, political science studies show we would move away from our traditional system to a monarchy or dictatorship.

A judicial system must stand for fairness and justice, and try to help people. Efficiency should not be the only test.

The report is disturbing because it talks of removing court services from the people to provide better justice. An example is more inconvenience in divorce cases to curb the number of divorces.

Workers in the judicial system by taking court services away from the people, there is a real reason for the judicial system.

Urging citizens to express their views to circuit and associate circuit judges, the attorney said, "that we propose is that the former courts be made divisions of the circuit court, with court services made available full-time to Tri-City and Alton area residents for wills, divorces, collecting bills, court orders, and other matters."

He said division courts would mean convenience for the bulk of the population of Madison county, and noted that 1960 figures are being used by some to suggest that the Quad-City and greater Alton areas are the greatest concentration of population.

Use Half-Day Or Day

Court business that might otherwise take only a few minutes could easily require a half day or more for Quad-Cityans after the new system goes into effect Jan. 1, he reported.

Again disagreeing with the "efficiency" concept, Beatty recalled that recent level of court activity often results in "confusion, jam-ups, pandemonium and delay" in the Edwardsville courthouse.

Supporters as well as opponents of the court revision amendment adopted by Illinois voters in 1960 are full-fledged courts in Granite City and Alton, Beatty said. He noted that in St. Clair county, where Belleville is the county seat, East St. Louis will continue to have court services.

"The judges have said 'we are going to give you some help' and 'we are going to do this or that,' but it is very vague and very limited. For all practical purposes, the plan presently being considered will do away with local court services and take them to Edwardsville, the county seat."

Was Improvement

The speaker said the plan differs from the basic purpose of the new judicial system, which is to bring justice to the people and to improve court services.

He stressed that the courts being operated in excellent fashion and that "our judges are working harder than could be expected of them, and are willing to continue working hard."

He estimated that assignment of one or more judges for Granite City and Alton cases sometimes might result in a judge having to leave his home 20 minutes earlier than now.

Program chairman was William Winter, Treasurer Anthony Zedekel announced that the club's Nov. 10 smorgasbord netted \$521. Dr. J. E. Wedd Madison church director, was inducted as a new Rotarian.

Dale's Barber Shop Opens Classic Play With 57-47 Victory

Dale's Barber Shop, defending champion of the Classic League, defeated Bowland 57-47 in opening Western Division play last night at Prather junior high school.

Dale Miller's 14 and Dave Hrysko's 13 led the win. Jerry Wintzen with 14 and Bud Gosnell with 10 topped Bowland. Dale's led 32-14 at the half.

In the other game, Madison Bowl bowled over Sacred 31-7, 36-38, as Bob Finkle scored 14 and Charles Johannmeier hit 13.

Dale Pasha and Jake Hinterseder had 14 and 13 for Sacred Heart.

Tonight's Eastern Division schedule at Coolidge junior high school: 7 p.m., Schultz vs. Liberty Home; 8:15 p.m., Plaza Pizza vs. West Side A. C. Monday's Western schedule at Prather: 7 p.m., Dale's vs. Sacred Heart; 8:15 p.m., Madison Bowl vs. Bowler's Trucking.

63% Of GC Adults Lack HS Diplomas

Sixty-three per cent—13,520 of 20,827—of Granite City residents aged 21 and over lack complete high-school educations, the Granite City Rotary Club was told Tuesday by M. A. Wittevrang, school district director of vocational and adult education.

He listed 242 or 1 1/2 per cent with no formal schooling; 1017 or about 5 per cent with four years or less; 8227 or 38 1/2 per cent with fifth to eighth grade educations; and 4034 or 19 per cent with more than eight years of school but not high school graduates.

The breakdown showed 5354 or 28 1/2 per cent high school graduates, 1074 or 5 1/2 per cent with some college education and 879 or 4 1/2 per cent with four or more years of advanced education.

Citing technological changes and the link between education and ability to obtain work, Wittevrang said the Granite City school district is among those seeking to meet the demands for basic education and specific skills. He predicted that job-training will grow in importance during the coming years.

He called attention to present state-financed nurses aide and general educational development courses in Granite City, and said 182 of the adult education program is job-oriented, including skills related to current local work, business education courses, upgrading of general knowledge and classes in homemaking.

Wittevrang said Granite City trains 11 1/2 per cent of all downstate Illinois trade extension students, and workers in advancing to new jobs or in retaining their proficiency in occupations which have moved into new fields.

One cited was an electrician who finds that he needs to know electronics as well in order to perform the work expected of him.

Junior High Cagers Open Play On Friday

Play in the Junior High School League, part of the Granite City district's basketball program, will open with games at 7 and 8 p.m. Friday at the Community Center.

Harold Brown, director of parks and recreation, has asked that team representatives contact him for their schedules.

5 Injured In 4 Of 8 Crashes

Five persons were injured in four of eight auto accidents which occurred on Granite City streets between 12:40 and 10:20 p.m. yesterday.

Two were hurt in a three-car accident at 20th street and Edwardsville road when he collided with Love who was driving out of the slag company grounds at 20th street. The driver of the truck, David L. Zeoff, 26, of 2408 Cardinal avenue, was in back of Bruno and tried to avoid hitting him by turning his steering wheel but he skidded into Bruno's car.

A few minutes later, a car driven by Robert F. Knuckstedt, 46, of 2311 State street, was leaving the parking lot of a drive-in restaurant at 27th street and Madison avenue when it was hit by another driven by William Cargill, 54, of 2649 Benton street.

Knuckstedt was admitted to the hospital.

Margaret E. Auerheide, 43, of 2328 O'Hara avenue, was injured in an accident involving two cars at about 7:30 p.m. at 23rd Lincoln avenue. She was going west on Lincoln when she struck the rear of an auto owned by Alan J. Byron, University City, Mo., knocking it into one owned by Paul Wildenhof, 2234 Nevada road.

Mrs. Auerheide was treated at St. Elizabeth Hospital and was released.

Terry Greathouse, 16, of 1918 Benton street, was injured when his auto collided with one driven by Troy E. Coleman, 27, of 2205 Ohio avenue, at 4 p.m. at 20th and Benton streets.

Eagle Park Group Meets Saturday Night

A meeting of the Eagle Park Improvement Association will be held at 7:30 p.m. Saturday at the Church of God in Christ, 104 N. 1st street, according to Cleveland Johnson, president.

Johnson said the \$2 monthly dues for water lines and the \$1 dues for street lights, payable every three months, will be collected at the meeting.

He said the First National Bank in Madison is still accepting payments for the \$103 installation cost payments on the water lines.

Park Board Discusses Venice Manger Scene

The Venice park board at a monthly meeting Tuesday night discussed installation of the traditional manger scene this month between the library and city hall.

No date has been set for the installation but the board decided "not to rush into it" out of respect to the mourning period for President Kennedy.

National Safety Council

Safety Rules Outlined For Driving In Winter

All drivers can go on winter ice and snow in safety if they will follow the advice of the experts, the National Safety Council points out.

"It is tragic to see drivers get killed or injured—it's bad enough to see them stalled on ice or snow-packed streets and highways because they don't know the basic rules of safe winter driving," a council spokesman said.

"These ground rules for getting places safely in winter have been developed by the National Safety Council's Committee on Winter Driving Hazards. The rules are observed carefully by all highly skilled commercial drivers and were developed after years of testing by automotive engineers, test drivers, tire and chain experts, government officials and others who have met each year to conduct tests of all kinds of vehicles and equipment."

"Ten Commandments"

The national authority on traffic safety explained that the ten commandments of safe winter driving have been widely publicized by the National Safety Council and almost all safety organizations.

"Television spots are now being used nationally by the National Safety Council to give more drivers a better knowledge of how to survive on icy roads," he said.

The committee's ten basic rules are—

1. Install anti-freeze after cooling system is flushed out and checked for leaks.
2. Have good tires. See that tires have good tread, whether snow tires or regular. Front

wheels also need good treads for "cornering."

3. Always carry reinforced tire chains. Insure your ability to "GO" on ice or in deep snow with reinforced tire chains. They are far superior for severe conditions such as deep snow and slippery hills.
4. Be sure wipers work. Be sure windshield wiper blades are in good condition and with arm pressure of at least an ounce for each inch of blade.
5. Use your defroster. Keep windshield clear of ice and interior fogging.
6. Make sure all lights work. Headlights, stop lights, tail lights and directional signals should be tested frequently.
7. Be sure you can start. Have engine tuned up for sure starting in cold weather. Have advance plugs, and distributor points checked.
8. Be sure you can stop. Have brakes adjusted frequently. Linings checked and free from grease.
9. Check battery frequently for proper charge and make sure it is always full of fluid.
10. Have exhaust system in order. Muffler and tail pipe should be checked frequently to avoid leakage of exhaust gases into car when windows are closed.

"There are six principal hazards of winter driving," the expert declared. The two that cause the most trouble are reduced visibility and inadequate traction.

"The other four he listed are—

- (1) fluctuations of temperature
- (2) reduced ability to steer and stop
- (3) unexpected icy conditions
- (4) ice and snow on the slippery rising temperature.

Chas. Mercer, 59, Dies At Phoenix

Charles E. Mercer, 59, formerly of Granite City, died about 11:35 p.m. Monday at his home in Phoenix, Ariz., after suffering a heart attack.

Mr. Mercer, who operated the Mercer Funeral Home here from 1938 to 1945, moved to Phoenix in 1945 and began operating the Mercer Mortuary there in October 1945. He was a native of Newcomer, Ohio, and graduated from Granite City schools and the Mortuary School in Chicago.

He was a member of the Granite City Knights of Pythias Lodge and Ellis Lodge 355 at Phoenix.

Survivors include his wife, Mrs. Mabel L. Mercer; a daughter, Mrs. Jack (Gwen) Adams of Phoenix; a son, Jack O. Mercer of Phoenix; a brother, Col. Frank Mercer, Battle Creek, Mich., and two grandchildren.

Funeral services were held this morning at Phoenix. An obituary notice appears elsewhere in this issue.

Daughter Born To Former Residents

Alman 3/ Dean Hoeller, and Mrs. Hoeller of Rockville, Ind., former Granite Cityans, are announcing the birth of a daughter Nov. 25. The infant weighed five pounds, six ounces and has been named Cheryl Lee.

The mother is the former Nancy Mordlin, a daughter of Mr. and Mrs. Henry Mordlin, 4510 Walter avenue. The paternal grandparents are Mrs. Evelyn Bolan, 3720 Ruth drive, and Lawrence Hoeller, 2220 Lee avenue.

Demand For U.S. Goods In Europe, Ranft Reports

Much of Europe is prosperous and clamoring for American goods, Carl A. Ranft, Tri-City Regional Port District chairman, said Tuesday night in discussing his trip to Europe last month as a member of a special Illinois trade mission.

Already the nation's leading export state, Illinois has good prospects for increased sales of soybeans, toys, sporting goods and other products, Ranft told Chamber of Commerce directors.

Great interest was shown in advantages offered by the Quad-Cities in shipping and handling goods. Ranft said he had given out 72 three-quarter-pound packets giving information on this community and plans to send 30 more.

Tour Germany, Italy

Cities visited by Ranft and his wife during the three-week tour included Frankfurt, Hamburg and Berlin in West Germany; Genoa, Milan, Naples and Rome; Italy; Nice and Paris, France; Rotterdam, Netherlands; London, England; and Mijano.

He praised the efforts of Gov. Kerner, who made special flights to participate in trade conferences along with Ranft and Chicago area port officials.

The governor, who played a leading role in arranging the mission, also spent part of the time with manufacturers and exporters in the group.

Busy Schedule

A full schedule of appointments kept the touring group busy, many direct orders being obtained, and some of the Illinois businessmen are preparing to return to Europe soon, Ranft related.

Most European ports can accommodate larger vessels than the Chicago port, where dredging is in progress to provide a deeper channel, the C. of C. board was told. Shipping in large containers that can be transferred easily between barge, truck and rail facilities was cited as looming large in future export-import plans.

Before leaving the U.S., the trade group had an opportunity to meet the late President Kennedy and also to confer with Secretary of Commerce Luther Hodges, who was urged to oppose St. Lawrence Seaway toll increases.

Bids Under Study For Nursing Home In GC

Five bids for construction of the new Colonades Nursing Home on West Pontoon road are under consideration by the promoters, Dr. J. C. Ebers and Charles Goff, and Architect Virgil Dolgner.

An announcement on award of a contract is expected to be made late next week.

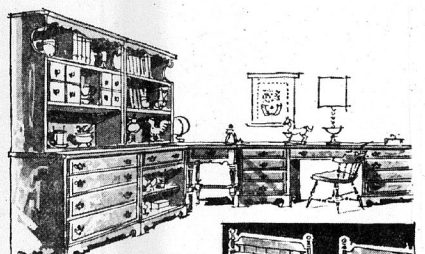

Contractors bidding on the 78-bed nursing home are—L. Wolf Construction Co., 8641 64th; M. H. Wolfe Co., 8642 42nd; Nelson Construction Co., St. Louis, 8657 46th; S. M. Wilson Co., 8666 178, and Cannon Construction Co., Wood River, 8669 400.

The nursing home is to be located on an approximate 12-acre tract of the Willard farm on the south side of West Pontoon road.

DECEMBER MEETING OF PRESBYTERIAN WOMEN

The December meeting of the Nameoki United Presbyterian Women's Association was held Tuesday evening at the home of Mrs. P. E. Pyle, 1716 More avenue, with nine members attending.

The meeting was opened by Mrs. Ann Freeling, spiritual secretary, with devotions and prayer. Department reports were given, and it was announced that the program for the next association meeting will be "Behold His Glory."

The association meeting will be held Monday, Dec. 9, at the Nameoki Presbyterian Church. It will begin at 7:30 p.m. with an installation of officers. Preceding this meeting, the Women's Association will hold a guest night pot luck supper to which all ladies of the church are invited, beginning at 6:30 p.m.

The president, Mrs. Pyle, has noted that all officers prepare for their yearly reports to be given Monday evening.

Refreshments were served, and the meeting was closed by Mrs. Ann Freeling with prayer. Others present were Mesdames Lou Pyle, Fern Mitchell, Erna Tucker, Adele Gregory, Violet Munshon, Alta Stewart, Edith Simpson and Betty Funn.

PLACES IN BATON CONTEST

Jeanie Schwarzkopf, seven, was awarded a first-place trophy in the beginners' group that entered a national baton twirling contest held in Glen Carbon through Sunday. She also was awarded a third-place medal for the intermediate group. She is the daughter of Mr. and Mrs. Francis Schwarzkopf, 3509 Franklin avenue.

The twirling contest was sponsored by Mrs. Marilyn Champion and the Glen Carbon PTA.

CHRISTMAS PARTY OF MAECENAS SOCIETY

The annual Christmas party of the Maecenas Society was held Tuesday evening at the home of Mrs. John Pekarik, 2605 Adams street. The party was held in the pathless, which was decorated with a large and colorful Christmas centerpiece.

The dinner was served buffet-

style. The members present exchanged gifts, and prizes were awarded to Mrs. Victor Shanta, Mrs. Earl Thompson and Mrs. Ernest Bickhaus.

The club will be host to a Christmas party for retired children which will be held at St. John's United Church of Christ Saturday, Dec. 7.

Among those present were Mesdames Victor Shanta, Ed Lorton, Dale Brackett, James DeWitt, Jim Corbitt, Kenneth Knox, James Kelshaw, William Sage, Earl Thompson, Richard Yates, William Bickus, Ernest Bickhaus, James Flattery, John Tonnoff and the hostess, Adele Gregory.

Next regular meeting will be held on Jan. 7 at the home of Mrs. James DeWitt, 1536 Lincoln.

DAMOTTE'S RETURN HOME

Mr. and Mrs. Emilie "Skip" Damotte returned late Sunday evening to their home in Beloit, Wis. While visiting her for the Thanksgiving holiday, they were entertained at the homes of their parents, Mr. and Mrs. Sam Prady, 3164 11th ave., and Damotte.

The young couple also visited friends in Rolla, Mo. Mrs. Damotte will return to Rolla in January, where he will complete his education at the University located there. Mrs. Damotte is the former Miss Betty Frayle.

GIRL SCOUTS PLAN CHRISTMAS PROJECT

A regular meeting of Girl Scout Troop 158 was held Tuesday afternoon at the Maryville school. The meeting was opened by Patrol Three, led by Joanna Royce with the pledge of allegiance and the Girl Scout promise.

This was followed by a brief business meeting, during which Debra Homall gave a report. It was decided that the girls will make toys for a child in the orphanage. Work would be done at home and completed in the next meetings, as their Christmas project.

It was announced during the meeting that Mrs. Norma Jean Murphy will be the leader. The girls followed the meeting with dancing and singing.

The girls will be

SIXTH BIRTHDAY OF MICHAEL KITTEL

Michael Kittel, son of Mr. and Mrs. Frank Kittel, 1741 Maple street, celebrated his sixth birthday at the home of his uncle and aunt, Mr. and Mrs. Frank Kirksey, 2619 Iowa street, Sunday afternoon.

The honoree was presented a birthday cake with Thanksgiving decorations. Many gifts were presented by his relatives and friends.

The guests enjoyed cake and other refreshments served by the hostess. Those present were Mrs. Francis Wiedie and daughter, Marie, Mr. and Mrs. Frank Kirksey and sons, Michael and Frank, and Mr. and Mrs. Frank Kittel and children, Frank Jr. and Linda.

The Lincoln Place Mother's club will hold a regular monthly meeting this evening at 7:30 at the park district community center.

Community Coach To Dissolve Corporation

The now defunct Community Coach Co., former operator of buses in the Quad-Cities, has filed a statement of intent to dissolve its corporation. It was announced this week at the office of Secretary of State Charles E. Carpenter.

The firm started in business during World War II in competition with Illinois Terminal Railroad's buses and street cars and outlasted ITL.

Recently, its operation was taken over by the Bi-State Transit System of Bi-State Development Agency in a consolidation of 15 transportation firms in the Illinois Missouri metropolitan area.

The Senior Youth Fellowship of St. John United Church of Canada will hold the Christmas dinner at 7 p.m. Dec. 8 to discuss plans for the Dec. 8 meeting and Christmas caroling.

A film, "Parents Are People," will be shown Sunday as Mr. and Mrs. Jack Dyer, co-chairmen of the youth of the senior group, the film to be shown is part of a program currently being studied by the youth of the church in connection with English at Granite City high school.

Christmas's planning included discussion of the annual Christmas program. Mention was made of a book sale to be held at 7 p.m. Dec. 9 in the Ozarks.

Mrs. Beverly Singleton, 2612 Edgewood, entertained Den Four of Cub Pack 124 at her home on Monday afternoon. The hostess, the Wilson sisters, PTA, the group continued work on its Christmas project. Mrs. Margaret Wilson, hostess, Bob Meison, Carl Perkins, Harold Walters, Eddie Harmon, James Sanderson and James Collier.

HOSTESS TO CLUB

Mrs. Josephine Matthews was hostess to the Bunco club at her home, 2404 Sunbury avenue, on Tuesday evening. There were three prizes won by Mesdames Jean Wynn p.o., Elaine Jones and Josephine Matthews.

Christmas gifts were exchanged and refreshments were served to the above and Mesdames Stella Green, Florence Brown, Mary Ann Bland, and whose home, 2012 National avenue, next month's meeting will be held.

FIRST DAUGHTER BORN

Mrs. Sarah Metcalf, wife of Bill Metcalf and president of the WCSO of Trinity Methodist Church, presented her second daughter with a seven-and-a-half-pound daughter on Monday. The infant, named Rose and weighing four pounds and eight ounces, arrived safely and child and first daughter fine.

WATTS IMPROVING

Leonard Watts, a patient of nine weeks at Wohl Memorial hospital, St. Louis, has improved so much in his general condition that he is not yet allowed visitors. Surgery followed an attack on the lungs which was said to be minor injuries.

The Membership and Evangelism Commission of Trinity Methodist Church, St. Louis, elected the chairman, Mrs. Ross Benda, Monday night.

The organization was formed to review the membership books and transfer the names to a new membership card.

The Official Board met Tuesday night with its chairman, Bill Metcalf, Jan. 5-19 have been arranged for the Christmas festival to be held at the church.

**Last Rites Held For
Father Of Harold Dalhaus**

Funeral services were held yesterday afternoon at 2 o'clock for George Henry Dalhaus at St. Joseph's Hospital. He had been suffering from cancer of the stomach since last August.

The elder Mr. Dalhaus, a retired coal miner, had resided in St. Louis for many years and is survived by his wife, Florence, and two sons, a husband, and daughter.

'Y' Endowment Fund Prospect Group Formed

Development of a prospect list for the proposed \$700,000 endowment fund for future development of Quad-City YMCA facilities was discussed Monday afternoon during a meeting of the newly-organized committee on committees.

Henry D. Karandjeff, local banker and president of the YMCA board, presided and reviewed for the members the program as outlined last Friday. E. G. Schmitt of Illinois Power Co. accepted the chairmanship of the prospect committee and arrangements were made for the selection of a publicity committee and for meetings with the president of the Tri-City Bar Association to acquaint lawyers with the program.

Karandjeff said it is hoped the \$700,000 endowment goal can be reached at the rate of \$100,000 a year. With the expected \$28,000 annual interest, a fourth of the YMCA's current budget, it is hoped major improvements, expansion and possibly a branch YMCA may be carried out.

He explained the board of trustees to maintain custody and management of endowment funds could be created by the YMCA board of directors. The YMCA by-laws and constitution are to be reviewed.

600, but expenses involving the new court system wipes out this advantage, Prehn pointed out.

\$10 Pay Kicks

The budget provides for a \$10 monthly salary increase for county employees, or half of the amount requested, according to Prehn, who said this total cost does not have a great effect on the budget.

He also announced that the charge to patients in the county nursing home at Edwardsville will be raised from \$155 to \$175 a month to offset actual operating

expenses. He said some supervisors feel that the home should be self-sustaining in capital equipment as well as in operations. Other budget provisions include:

Conversion of the museum in the courthouse into an additional circuit court room at a cost of \$10,000; a salary increase of \$8,000 to \$8,000 a year for four court reporters as provided by

U. S. TENDER AGED

Solitary Confinement
Construction of a solitary confinement cell at the county jail at a cost of \$4,000, necessitated by occasional rioting by prisoners; an increase from \$13,000 to \$50,000 to alleviate unsatisfactory conditions at the jail as recommended by grand jurors; an increase from \$30,000 to \$75,000 for new radio equipment for the sheriff's office.

Addition of six employees in the sheriff's office, mostly to take the place of constables whose positions will be eliminated under the new court system.

An increase from \$42,000 to \$50,000 for per diem and travel expenses for members of the board of supervisors. Prehn said the item was underestimated last year.

Prehn said that despite efforts to have the state legislature take just the county's general fund tax rate, "we are still operating on a 5.667 cent rate. He critically remarked that "the State Legislature has felt very free in placing financial burdens on the county general fund."

Kenneth Hicks and Thomas Timmons of the University of Illinois spent the holiday week-end at home, and Guy Lahr of the Central Methodist College in Fayette, Mo., also spent the weekend here.

ATTEND WEDDING

Mr. and Mrs. Dale Spicer of Leominster avenue and Mrs. Lyle Hartzel and children, Rod and Shelle Dale, motored to Mohaville, Mo., on Sunday to attend the wedding of Mrs. Spicer's niece, Janice Stunkel, to Mr. Hartzel and son, Rod, were in the wedding as candlelight and ringbearer.

A girl Scout Cadette Troop 225 attended the Girl Scout Festival of Giving Sunday afternoon. Mrs. and Brenda Seibel, Jane E. Bono and Lonna Dahlhaus gave out programs, and Linda Krivine and Patie Brooks took name cards from the leaders.

Joan Gottfried and Linda Beale placed ornaments on the tree. Georgia Peppers stood by the troops basket with a card.

Troop 225 and another basket prepared by the troop was given to its adopted grandmother, Mrs. Hendricks.

Others present were: Gerie Wiggins, Debby Hill, Nancy Jere Scheib and Mrs. Sarah Beale.

CRADLE SHOWER

FOR MRS. JOHNSON

Mrs. Michael Johnson, the former Dorothy Skipper, was guest of honor Monday evening at a cradle shower at the home of Mrs. Margaret Dale, 650 Ashland.

Hostesses were Mrs. Helen Meyer, Mrs. Maxine Compton and Mrs. Duke. Games were played and prizes were awarded after the luncheon opened her many gifts.

Refreshments were served to the guests. Miss Darlene Johnson and Mesdames Laura Skipper, June Jones, Patricia Brannan, Patricia Norris, Nina Ferguson, Sandra Grote, Ruthanne Weeks, Peggy Nash, Dorothy Andrews, Carrie Corey, Shirley Jones, Lois Lockhart, Avalon Young, Mildred Werner, Freda Johnson, Gladys Johnson, Brenda Johnson, Opal Skipper, Helen Everts, Ethel Stark and Dorothy Skipper.

PLAN HOLIDAY SCENE IN CHURCH YARD

The Youth Fellowship of the Mitchell Presbyterian Church met Sunday afternoon under the leadership of Mrs. John DiGiacoma and Mrs. Bill Tindall.

Debra DiGiacoma was in charge of the meeting. Plans were made to bring cardstock boxes to the next meeting to make a Christmas scene in the church yard.

Those present included Karen Cripps, Judy Easter, Vickie Cripps, Charlotte Colbert, Roxann Easter, Peg Spicer, Cindy Manning, Marvin and Dale Wood, Rieley McGinnis, Roger McGinnis, Melody Tindall, Timmy Filkins and Billy Wilkcamp.

Plans have been made by the Youth Fellowship of the Mitchell Presbyterian Church to go to the YMCA on the first Saturday of each month for swimming from 3 to 4 p.m. Anyone in the Mitchell area is welcome to join the group.

MEET FOR QUILTING

The ladies of the Mitchell Presbyterian Church met at the church Tuesday for all-day quilting.

A pot luck-lunch was served at noon to Rev. and Mrs. John DiGiacoma, Mrs. Josephine Mitchell, Mrs. Fanny Laswell, Mrs. Ora Phillips and Mrs. Ann Meyer.

Mrs. Eunice Price of Douglas place and her sister, Mrs. Floris Price, of Albany, arrived Wednesday from Urbana, Ill., where they visited their mother, Mrs. Etta Bartels, and their sister, Mrs. Virginia Smith.

AUXILIARY HOLDS CHRISTMAS DINNER

The Ladies Auxiliary of the Mitchell volunteer firemen held its annual Christmas party Tuesday evening at the fire hall. Decorations were in keeping with the holiday.

Mrs. Fanny Laswell was guest of honor and was presented with a decorated cake and also an honorary badge. Mrs. Louise Bugle was welcomed as a new member.

A turkey dinner was served. Afterward, games were played and prizes were awarded. Mrs. Carolyn Franko received a prize.

Others present were Mesdames June Allen, Edna Paul, Flossie Sands, Louise Brown, Vera Whyers, Dorothy Williams, Norma LaRose and Ann Eberhart.

VHS Students Sell Brieffolios, Book Covers In Project

By EVIE RITZ

The Venice high school student council has been selling brieffolios and matching book covers as a means of obtaining money for activities during the year.

The brieffolios cost 25 cents and the book covers are selling for 10 and 15 cents. The high school Red Cross ended its membership drive recently. The total amount of money collected has yet to be determined.

Future Homemakers of America are selling dessert cookbooks as a fund-raising project. The girl selling the most books in the first week will win a prize as will the girl selling the most during the second week of the campaign.

The freshman-sophomore party was held recently. Chaplains were faculty members Jack Gilmore and Mrs. J. H. Davis. Students played password as a form of entertainment. Refreshments consisted of chocolate cake and orange sherbert punch. The party was given by the sophomores as a means of welcoming the freshmen into high school. The freshmen in turn will give a "thank-you" party for the sophomores. It will take place during the school year.

GCMS Debate Team Named, First Meet To Be Held Dec. 14

Varsity debaters for the current school year have been selected by Miss Mary Blackburn, advisor of the debating team, and will represent the school in coming meets.

The affirmative debaters are: Bernice Helman and Wayne Hancock, and the negative debaters are: Virgil Malmberg and Berry Lewis.

Hancock is a first-year man on the squad, while Helman, Lewis, and Malmberg are varsity veterans. Other debaters are Mike McCarthy, Jerry Walter, Warren Jones, Bill Henley, Eddie Warren, Jim Witteborn, Kay Rheinhardt and Drew Karandjeff.

The first debate will be Dec. 14 at St. Louis University high school. Other debates are being scheduled with schools in Illinois and Missouri.

To be debated is "Resolved That the United States Should Adopt a Plan of Federalized Medicine." The debaters have worked on the question during the past summer, gathering information from various sources and attending sessions on the topic at Northwestern and St. Louis Universities.

GC Senior Sings With Bach Society, Is Its Youngest

Toni Hunter, 17-year-old Granite City high school senior, holds the honor of being the youngest member of the Bach Society of St. Louis.

She started her singing career four and a half years ago, studying with Dr. William Heyne, director of the society. She was selected for membership immediately after her first audition.

Miss Hunter will participate in the society's Christmas concert Dec. 13 at Kiel auditorium, St. Louis. She currently is under-studying the soprano soloist. She will sing a solo in the concert if the regular soloist is unable to do so.

She said she is particularly concerned over this as she is to have her tonsils removed this month, and with her luck, she says, it probably will be the day Barry Freedman, editor of the concert.

'Y' Teenagers Present \$1000 To World Service

The teenage department of the YMCA has presented a check for \$1000 to YMCA World Service through Henry D. Karandjeff, Illinois area manager of the international committee of world service.

The check, presented by Jim Fiedler, represents the projects received from the teenage department's annual World Service candy sale.

It is the method the local teenagers use to help launch and develop YMCA's abroad. Through World Service, programs are initiated to build health, expand education, improve man's economic welfare and promote spiritual growth.

Brian Bronsman, teenage director, said that today the YMCA is on the job on every continent, in 85 countries through 10,000 centers. Where it reaches, World Service builds teamwork and helps people help themselves, Bronsman said.

Girls Seek Homemakers Scholarships In Test

Boys were banned from senior high school at Granite City. The school joined more than 40,000 others in 85 countries through 10,000 centers. Where it reaches, World Service builds teamwork and helps people help themselves, Bronsman said.

The event was the written knowledge and attitude examination of the 10th anniversary Betty Crocker Search for the American Homemakers of tomorrow. Prizes range from attractive pins to scholarships totaling \$10,000.

For achieving the highest score in her school, one senior girl in each school of \$5000 will be named her school's Home-Maker of Tomorrow. She will receive an award pin, and her picture will be entered in competition with other school winners in the state.

The highest-ranking girl in national runners-up will be each state will receive a \$1000 awarded \$4000, \$3000 and \$2000 scholarship. Her school will be scholarship.

GCMS Latin Club Plans To Attend National Confab

The Granite City high school Latin club is planning to attend the national convention of the Junior Classical League next August at the University of Illinois in Champaign.

Barb Morrison and Pat Chandler represented the Granite City JCL at the convention last summer at the University of Kansas.

The national organization is composed of local clubs in junior and senior high schools. After a local club has taken the required steps for joining, it is known as a chapter of the JCL.

The chapters function as classical clubs on the secondary school level. They have elected officers, regularly scheduled meetings, social affairs, projects, excursions and other activities. They differ from the usual school club in that they are part of a national organization.

The officers for the advanced class are Barb Morrison, president; Karen Tegel, vice-president; Gale Alford, secretary; month, and with her luck, she says, it probably will be the day Barry Freedman, editor of the concert.

Still Short For Year

Rainfall Tops Normal In November With 2.99 Inches

Rainfall during November totaled 2.99 inches for the Quad-Cities and was slightly above the 2.57 inches normal for the month.

However, this year's 27.59 inches of precipitation at the end of 11 months was 6.75 inches below normal, due to exceedingly dry months during the summer.

The November rains failed to reach the 3.09-inch total in October, but exceeded September's 1.05 inch, August's 1.66 inch, July's 1.49 inch, June's 2.84 inches, April's 2.62 inches, February's 3.1 inch and January's 1.46 inch.

In March there was 5.32 inches of rain, and in May rainfall was measured at 5.24 inches.

The Quad-Cities precipitation

is measured each morning at a gauge on the Chain of Rocks canal locks, maintained by the U. S. Army Corps of Engineers.

In November rain was recorded on 10 days—including traces on three. Naturally, an inch on four of them. The rain readings were .52 inch on the first, .03 inch on the fourth, .02 inch on the fifth, .02 on the 18th, 1.15 inch on the 22nd and 1.25 inch on the 23rd.

The traces were on the 6th, 13th, 20th and 21st.

Only a trace was recorded on Sunday, resulting from snow flurries on Saturday. The gauge is read at 7 a.m. each day.

Council Buys Camera For City Inspectors

Purchase of a Polaroid camera for use by city inspectors and for the zoning and planning boards was approved Monday night by Granite City council members.

The camera is to be purchased from Graham's Book store on a low bid of \$96. Hurwitz Jewelers bid \$125.

Alderman Donald Partney, chairman of the Planning and Zoning committee, said the camera will be kept in the inspector's office at the city hall and will be checked out by the inspector.

He said it is needed to photograph construction and property involved in zoning appeals and possibly for zoning or building code violations.

Horse Lore -- Vanishing

John W. Allen
Southern Illinois University

Man seems always to have strange beliefs and superstitions about other animals, along with a stock of proverbs relating to them. Naturally, the greater number of these beliefs and sayings were associated with domestic animals, those with which man has been associated longer and more intimately. The horse is easily on such a list.

For instance, when mythology reigned and man had many gods, some of the deities were involved in zodiac signs and these mythical creatures swept across the sky each day with the sun in tow. Thunder was plained as the resounding hoofbeats of invisible horses charging about the sky.

People living in ancient Greece thought its mountains inhabited by Centaurs, that were half man, half horse. Upon the death of a Norse warrior, it was thought that a goddess called a Valkyrie came to carry the departing soul to Valhalla.

In some countries a few centuries ago it was not unusual to bury a warrior's horse with him. After the American Indians acquired horses they sometimes followed the practice. Until our own time a cavalryman's funeral was hardly complete unless a saddled but rideless steed was led in the funeral procession. Such a ceremony in which a horse with stirrups reversed and bowed the late President Kennedy's body to Arlington, was viewed by millions of persons.

Horse's "Insight"
It was said that horses could see ghosts and that was why they shied when the rider or driver could see nothing unusual. Horses also played parts in many a ghost story like the one ridden by the headless horseman pursuing Ichabod Crane. A number of horses appeared in the Rochester and a ghostly black steed was a principal in the Louisa story at McLean's farm.

Men sometimes got "on a high horse" and "rode rough-shod" "feel his oats" and engage in "horsemanship." It was not unusual to hear someone fight against a horse and a ghostly black steed was a principal in the Louisa story at McLean's farm.

People observed the behavior of horses and man's weather prophecies accordingly. Perhaps the scarcity of horses handicaps those who presently are making weather predictions. It may even account for a shortage of "horse sense."

Preparation Under Way For 'March Of Dimes'

Plans for the January March of Dimes campaign are moving into high gear with appointments of local persons to community leadership positions. It was announced this week by Mrs. Max Merz Jr., general chairman.

She will head the Granite City Mothers' March on Polio, assisted by Beta Sigma Phi International Sorority, Iota Psi Theta Theta and Phi Beta Tau chapters.

Persons wanting to volunteer may contact either Mrs. Merz or Mrs. Robert Harris, president of Iota Psi.

The Mothers' March in Madison will be under the supervision of Mrs. Charles M. Wood, 1728 Second street, who is asking volunteers to call her.

The volunteers' march date has yet to be announced for solicitation of funds for the March of Dimes. Fight against crippling birth defects and arthritis. Mrs. Merz said, adding that the March of Dimes has been directing its attention against these two major health problems following the victory over polio five years ago.

State To Require More City Audits

Audits of several city accounts will be required in the future, the city was notified by letter from the office of State Auditor Public Accounts Michael Howlett.

The funds listed were the city's public library funds, pension funds and the police maintenance fund's accounts.

It was pointed out the change in audit procedures for municipalities was approved by the 73rd General Assembly, and that the audits must be made by registered accountants.

Plan For Dairyman

A simple dairy record-keeping plan that won't cost cooperating dairyman a penny will be offered to Madison county dairyman in January. The program is called Dairy Weight-Day-1964. It's an effort to obtain production records on dairy cows on Wednesday, Jan. 15, 1964.

The two most common reasons many dairymen give for not keeping records are (1) records cost too much and (2) they feel that records take too much time. The Dairy Weight-Day program is designed to eliminate both of these objections. The program doesn't cost the dairyman a cent, and it takes only a few minutes of his time for each cow. Here's how the state-wide program will work.

Every dairyman not now enrolled in a record-keeping plan will weigh the milk produced by each cow in his herd on Jan. 15. He will record these weights, along with the month of calving for each cow, on a Dairy Weight-Day sheet he will have received in the mail around Jan. 1. Madison county dairyman should then mail this form to the farm adviser's office at Edwardsville. The office will forward the sheets to the U. of I. Dairy Science Extension Office, where dairy specialists will calculate an estimated 10-month milk record for each cow in the herd.

The mountains of records processed in past years has enabled dairy scientists to develop a method for estimating total lactation production from the amount of milk a cow gives during one day of her lactation. The method is accurate enough to spot cows in a herd that are not making a profit for their owners, and, in fact, are hurting the entire industry by contributing to the dairy surplus.

Dairyman will be receiving further information about the

Dairy Weight-Day program through the mail. They will also receive the page forms needed to record production from each cow in their herd on Jan. 15.

Land Leveler Useful

The land leveler is a useful machine that is overlooked on too many farms. In fact, this equipment is needed on many flatland farms, reports University of Illinois agricultural engineer Ben Jones. A number of Madison county farms are using levelers and their use is expected to increase. Levelers can also be used in place of disk or harrows. They can be used to construct and maintain channels for surface drainage. The attachments can be bought later if the farmer wants to reduce initial cost of the equipment.

Uneven land prevents surface drainage. Poor drainage leads to a reduction in oxygen and organic matter that limits the uptake of plant food and water. It often means that wet patches are cultivated before they should be, leading to soil structure breakdown.

Wet patches are slowest to warm up in the spring. The result is slow germination and backward plant growth throughout the season.

Land leveling events soil surface and improves drainage, says Jones. Levelers can be used anytime the soil is dry. To reduce cost, two or three farmers can sometimes buy a leveler jointly.

Insects Ready To Invade

Illinois cannot long remain isolated from a number of insects, some of which are already close to our borders. Fortunately, our rugged climate keeps many potential dangerous insects in check, reports University of Illinois entomologist H. B. Petty.

But rapidly increasing land, air and sea traffic increases the danger of introducing pests capable of causing millions of dollars worth of damage to crops.

The alfalfa weevil, already present in some Midwestern states, could be the first to arrive. The western corn rootworm could team up with the northern and southern corn rootworms. The western corn worm is resistant to aldrin and heptachlor and therefore could present problems.

Japanese beetles could build up and threaten turf, fruits, vegetables and soybeans. The gypsy moth and cereal

PEDESTRIAN SAFETY CITATION plaque received Monday night by Granite City for 1962 achievement without a pedestrian fatality. The award, being inspected by Police Chief Raymond Willard (left) and Mayor Davis, was made by the American Automobile Association during the council meeting.

leaf beetle also warrant close watching, says Petty.

On the brighter side, the future of insecticides looks good. We can expect chemicals that will kill only certain insects, and they will be quite safe, leaving little or no residue on the crop, he reports.

Insecticides with longer lasting action will continue to be used for specific conditions. But new insecticides of this type will be safer to use than those used in the past.

We can't foresee any startling advances in the biological control of insects—in fact, progress may be slow. But we will keep one jump ahead of insects, concludes Petty.

In a report we recently prepared for Petty on insects in Madison county in 1963, we were asked to list the ten insects we received the most inquiries about during the year. The ten we listed, in the approximate order according to number of inquiries, were grasshoppers, earworms in sweet corn, termites, lawn insects, household insects, fruit tree insects, elm leaf beetles, grape colaspis, (corn root worm), face flies in cattle and armyworms.

Postmasters Give Hints For Christmas Mailings

Quad-Cities postmasters today offered "helpful hints" on mailing Christmas cards and gifts to insure prompt and safe delivery before Dec. 25th. The local post offices are beginning now to gear for the heavy load of holiday season mail.

Granite City Postmaster Theodore Overbeck said it will not be necessary this year for the office to rent other space for handling holiday packages. "The new building is ample," he remarked, "and all operations will be centered there."

The postmasters' hints are— "If you use the new five-cent Christmas Tree stamps on your Christmas cards, they will be sorted and delivered first and, if you include your return address with your ZIP Code number on each card envelope, they will be forwarded in the event of a change of address, or if they are undeliverable, they will be returned to you for correction of your mailing list."

"Also, remember you can write personal messages only on Christmas cards sent by First Class mail. Nothing but your signature is authorized on cards sent at the unsealed, Third Class rate."

The postmasters warn against careless packing of Christmas gifts. They say, "It is unbelievable how some people fail to use strong cartons, heavy wrapping paper and sturdy cord when packing their precious gifts for mailing."

They request special care be taken in packing breakable gifts by marking the cartons, "Fragile—Handle With Care." "Be sure to put an extra label carrying the recipient's name and address inside of every package," they added.

The postmasters also said, "By giving special attention to your Christmas mailings right now, by being sure that your mailing lists are up-to-date and by planning your mailings so that you send out your cards and packages in groups, rather than all at one time, you'll be certain that all your Christmas greet-

ings and gift packages reach their destinations before Christmas."

The postmasters ask the cooperation of all business firms to delay the mailing of circulars and catalogs until after Dec. 25, to keep the mails clear for the Christmas rush.

"If you use Christmas stickers or seals, put them on the back of your Christmas cards and packages so that they will not conflict with the address on the front. Make sure that correct postage is firmly affixed to each card and package. When mailing gifts, it's a good idea to place a piece of transparent cellophane tape over the address portion of the label to prevent defacing it in transit."

"Keep in mind that parcel post size and weight limitations vary according to destination, so be sure to ask about them when you go to the post office to buy stamps."

The postmasters suggest mailing Christmas presents before

with
a new
electric
range

Tell Santa—a modern electric range is the gift that keeps on giving. Because it's beautiful. Because it's so beautifully useful. No gift adds more to a homemaker's joy of living than automatic electric cooking. Completely controlled, clean, convenient cooking. And when your kitchen stays cool next summer, you'll be glad you told Santa now.

HERE'S THE BUILT-IN LOOK WITH NO REMODELING—Today's electric ranges make it easy to modernize your kitchen. A range like this, for instance, provides that built-in look and convenience, and slips simply into place in your present kitchen layout.

See the new electric ranges at your appliance dealers...

EYE-LEVEL OVEN

The built-in idea in today's electric ranges puts oven, broiler, and roaster at eye level, arm level. No stooping, no squinting to see what's cooking. Easy to get at. And plenty of storage space beneath, where the oven used to be.

COUNTERTOP

In many electric ranges, countertop surface burners slide out when you're using them, slide in when you're not. This streamlines your kitchen, makes it easier to get at storage space beneath.

AUTOMATIC CONTROLS

They're located where you can see them, reach them, with modern eye-level electric ovens and broilers. Furthermore, the controls are complete. You have automatic time and temperature supervision over just about every cooking operation.

St. Peter Guild Prepares For Christmas Party

The Evening Guild of St. Peter E.R. Church met Monday evening for a discussion of business and a Christmas party and program.

Mrs. Bonnie Branding presided and final reports of the recent food fair were heard. Plans were made also to make contributions to several charitable agencies and to provide a Christmas party for 55 patients at the Alton State Hospital. The January meeting will be devoted to making hospital gowns for World Service.

Mrs. Rosalie Bueche, Mrs. Davis Anderson and Miss Rosemary Kabeurek took part in the devotional service. A film, "Christmas in Hong Kong," was shown and a letter was read from a 13-year old girl in that city which the group is assisting in educating. The child, an honor student, will be sent Christmas cards and a gift from the guild members.

Christmas decorations and refreshments were provided by Mrs. Ruth Huxel, Miss Clara Hoelcher, Miss Ella Hoelcher and Mrs. Genevieve Grady, and 33 members and one guest were served.

Cosmetologists Install Officers

A dinner meeting and installation of officers of the newly-organized mid-west Cosmetologists Association, affiliate 35, was held Monday evening at the VFW hall.

The installing officer was Elma Becker of Alton, state secretary and those taking office were Earl Parsons, president; Mary Batson, first vice-president; Linda Norris, second vice-president; Kay Jeff, secretary; Lois Asher, treasurer; Jean Hart-

OES INSTALLATION. Officers of New Hope Chapter 432, Order of Eastern Star, installed recently. Seated, left to right, are—Carol Cook, associate conductress; Louise Cook, treasurer; Alfred Haynes, associate patron; Dorothy Edwards, associate matron; Estella McBride, worthy matron; Arthur Gillham, worthy patron; Bess Weiss, secretary; and Sara Dempsey, conductress. Standing—Ruth Chim, instructor; Emeril Johnston, sentinel;

its financial secretary; Dorothy Lindsey, historian; and Clemma Vaughn, Earl Tucker, Lettie Kelley and Frances Polley, directors.

Approximately 80 persons attended the meeting presided over by Parsons and a number of prizes were awarded.

A Christmas holiday theme was used in the appointments and after dinner there was entertainment, consisting of tap, soft shoe and modern dance routines by Al Murphy and Karen Barnett, and a piano selection by Kay Jeff with guitar accompaniment. Dancing followed.

The regular meetings of the organization are to be held on the first Monday of each month.

Here's why you'll like it.

Here's why you'll tell other people you like it.

Wide-Track, for instance. Wide-Track is what does away with tilting your way around turns. Pontiac's smoother, quieter ride is another thing you might point out. A big 389-cubic-inch Trophy V-8 is standard in each and every Pontiac. You get to choose from 34 engine/transmission teams to harness all that power. (Happy choosing!)

Now then—on to more of the things that

make the '64 Pontiac so thoroughly likeable. Frankly, we couldn't think of anything radical to do with this car. Oh, we made the styling even more stylish, as you can plainly see. We lavished even more care on the interiors. We even improved the light bulbs. But as for more vital things, why change? Improve, refine, sharpen—yes. Change—no. And you can tell that for your friends.

City Authorizes Sidewalk Construction Near 4 Schools

Authorization for an estimated \$64,000 sidewalk construction and for cost estimates to be prepared for drainage facilities at 23rd street and Cleveland blvd., and trolley track removal along 23rd street was given Monday night by Granite City council members.

To carry out the projects, the council discussed using sales tax funds and the remaining \$24,000 in a special street fund created when Illinois Terminal Railroad Co. paid the city \$30,000 settlement for removal of its abandoned street car rails.

The sidewalk construction is to be in the vicinity of four schools and will total about 12,900 square feet. They are to be constructed along West 25th street and Missouri avenue at Logan school annex; along Johnson road for Frohardt school, 40 feet along Lindell blvd. near Johnson road for St. Elizabeth's school and along Victory drive for Marshall school.

The street committee had been holding in abeyance two bids for sidewalk construction, and approval was given the one-cent square foot price quoted by Ellsworth Concrete Co. The only other bidder Tom Sierle Co., set a figure at 59 cents a square foot.

Authorization for the work had been delayed several months as the council debated frequently the best procedure to follow and the availability of funds. Monday night, it was decided the funds were there and the work should proceed.

However, an objection was raised that in a number of instances new sidewalk was constructed under special improvement programs with abutting property owners paying the cost. A legal opinion on the construction without a special improvement project had been requested about two weeks ago, but no request was made for it Monday night.

Street Dept. Funds Spent
Alderman G. H. Sternberg, chairman of the Street committee, had reported earlier that the street department had no funds available for the sidewalk projects, based on updated expenditures compared with the departmental budget.

Use of the special trolley track fund was proposed by Alderman Walter Nunn, who added that the city also had sales tax money available.

Objection was raised by Alderman Edmund Bartosik to spending the special track fund for sidewalks. He pointed to the need to use the money to remove abandoned tracks along 23rd street between Adams street and State street. No mention was made of track removal along Adams street from 23rd street south to Niedringhaus street.

Bartosik also proposed that the city engineer prepare preliminary plans to determine cost of providing adequate drainage at 23rd street and Cleveland blvd. The intersection has flooded during rainstorms for the past several decades.

When asked by Sternberg, Engineer David Johnston said the plans would be prepared under the city's retainer fee paid to him.

Viaduct Auto Mishap
The front bumper of the auto of William Wood, St. Louis, and the rear bumper and a tailgate of the car of William L. Jennings, 2001 Pontoon road, collided Monday afternoon as both south-bound vehicles left the State street cutoff to enter the Broadway viaduct in Venice.

Moss Named To Post On Transit Services
Guido Moss, chief engineer for the Bi-State Transit System, will be promoted to vice-president and operating manager of Transit Services Corp. effective Jan. 15 to succeed John W. Dameron.

Dameron is withdrawing from the firm to accept the position of general manager of the Allegheny Port Authority in Pittsburgh, Pa., shortly after the first of the year. The Transit firm also announced the promotion of Roy E. Krupp, now assistant operating manager, to the post of director of planning.

The Allegheny Port Authority, with powers similar to those of the Bi-State Development Agency, is undertaking the acquisition and consolidation of about 30 privately-owned transit companies now serving the Pittsburgh area.

Moss, a graduate of the University of Missouri, joined the former St. Louis Public Service Co. in 1947 after serving with the Frisco Railway Co. Missouri Public Service Commission and the public utilities department of the city of St. Louis. He is a registered professional engineer and served the St. Louis transit system as director of planning and schedules before becoming chief engineer when the new system was formed.

Krupp joined Transit Services Corp. as assistant operating manager after the firm he managed previously, Ferguson-Broadway Bus Co., was acquired by Bi-State.

Firemen Sent To Weed Fire, Two False Alarms
Granite City firemen were called to extinguish a weed fire at 5:45 p.m. Monday in North Granite near the railroad tracks. The fire was out 15 minutes later.

On Tuesday afternoon they responded to two false alarms as reports were made of persons smelling smoke. One was at 2808 Benton street and the other at the old cemetery in the rear of Kirkpatrick Homes.

A woman resident in the 2700 block of Lincoln avenue had an unwelcome guest late Monday and was unable to get rid of it.

She finally called Granite City police at 12:55 a.m. Tuesday to report a strange cat fitting through the house. Patrolmen were dispatched to the house and took care of the cat.

Auto Sideswipes Bus

A Missouri auto driven by a woman sideswiped a Venice school bus Monday afternoon while passing it to go west on the McKinley Bridge. Venice police were notified. The mishap occurred on Main street near the bridge approach. Richard E. Maher, 641 Washington avenue, Venice, driver of the bus, said paint on its left side was scratched. The motorist left without giving her name.

Charged With Speeding

Mary M. Simpson, 24, of 2577 N. 28th street, was arrested by Granite City police at 1:30 p.m. Monday at East 23rd and Henry streets on a charge of speeding.

GC Ordinance Pending To Control Heating Contractors

An ordinance setting a \$50 annual license fee for warm air heating contractors and requiring them to post a \$1000 surety bond with the city was placed on first reading Monday night by Granite City council members.

The proposed ordinance, designed to fit into the pattern of the city's recently-adopted electrical, plumbing and building codes, requires a permit be obtained to install warm air heating equipment or to alter or repair existing equipment if the cost is to be \$100 or more.

The fees would be \$1 for repair work over \$100, installation of a domestic type incinerator or the addition or replacement of warm or cold air pipes costing over \$1000.

A \$2 fee would be charged for gravity warm air furnace replacement, addition of a blower or fan, installation of a conversion gas or oil burner or coal stoker and for installation of a direct fuel unit heater, wall heater or ceiling suspended unit heater.

\$3 And \$4 Permit Fees
The fee would be \$3 for a gravity warm air furnace installation in a new or old building, and \$4 would be charged for a forced warm air furnace replacement or installation in a new or old building.

The fees would be paid at the City of Granite City, George P. Coffey Jr., said the payments initially would be paid to the city treasurer until such time as the city arranges for them to be made at the inspectors' office.

The ordinance calls for an inspection to be made.

Hearing In Dog Case Continued Two Weeks

A hearing for Arthur Wilson, 43, of Rural Route One, charged with criminal trespass to property and theft in a complaint signed by Mrs. Brenda Donithan, was continued for two weeks yesterday by Police Magistrate Gasparovic.

The judge said he understood the complainant does not wish to prosecute the case and was given two weeks to signify her wishes in writing. Wilson has pleaded not guilty to the charges and is at liberty on \$800 property bond. The case involved a dispute over ownership of a dog.

Election Judge, Poll Rent Checks Available

Pay checks for judges serving in polling places in the Nov. 20 special bond election in Granite City now are available at the office of Comptroller John Doohar, Room Two in the city hall.

The judges are ready to check for rent on the polling places and for persons who handled poll booths. Judges are paid \$25 for the day's work, and rent on polling places is \$25. The fee for handling the poll booths varies, according to the number used. The checks total \$3849.

Owner Exemption
The ordinance provides that an owner-occupant of a single dwelling house may personally carry on the work himself and with assistance of his family provided a permit is obtained.

Alderman Donald Partney, chairman of the council's Planning and Zoning committee, and himself a heating contractor, said the code and ordinance were based on those adopted in 1954 in East St. Louis. He added that he had originally proposed such an ordinance for Granite City in 1953, but no action was taken by the council.

Several aldermen said the code would prevent haphazard work by out-of-town firms and would protect individuals. However, several modifications were proposed and will be discussed further as the ordinance progresses toward passage. The next council session is Dec. 16.

Complaints Received

Partney pointed out he had been called by the Chamber of Commerce office on several complaints in recent years. In one case, he said, a family was charged \$2000, including interest and other charges by an out-of-town firm for work that could be done by a local firm for \$700 to \$800.

He also recalled inspecting installations which made no provisions for ventilation and other where an exposed vent pipe went through a ceiling, curved through the attic and then went through the roof.

"In some of these instances there could be puzzling deaths

Advent Is Theme Of Circle Meeting

Patience Circle of Niedringhaus Memorial Methodist Church was entertained Tuesday evening in the home of Shirley Long on Harvard drive. Mrs. Ida Cariss, leader, opened the meeting and after prayer by Mrs. R. L. Miller, Mrs. Donna Lorentz gave the lesson, using the Advent scene as the theme, displaying an Advent wreath with four red candles and showing the Nativity scene as pictured by children around the world. Christmas carols played softly and prayer closed the meeting.

Refreshments were served by Mrs. Loy to 18 members and five guests. The ladies included Mrs. Paul Sims, Mrs. R. L. Miller, Mrs. Raymond Hensley, Mrs. Earl Miller and Mrs. Earl Miller Jr.

Postal Clerks' Auxiliary Installs New Officers

The Women's Auxiliary, Post Office Clerks, Local 182, Granite City, held a Christmas party and the installation of officers for 1963. The ladies met at the home of Mrs. R. L. Miller, 182, Granite City, on Monday.

In a candlelight setting and ceremony, the following officers were installed: Mrs. Betty Presley, vice-president; Mrs. Kate Wilson, secretary-treasurer; and publicity director, Mrs. Fern Deutchman.

The installing officer was Mrs. Phyllis Lindemeyer of East St. Louis, national vice-president of the Women's Auxiliary of Post Office Clerks.

Mrs. Janette Pictor of Belleville, Illinois state vice-president, Women's Auxiliary of Post Office Clerks, also was present and gave a "pop talk" on the importance of the Auxiliary and legislative thinking and understanding.

A highlight of the evening was the presentation of a certificate of appreciation to Mrs. Deutchman for her contribution to the success-

GC Schools Preparing To Decide On Site, Building Plans

With classroom additions, omitted from the 1963-64 budget for the first time in several years, that there was to be a full in expansion of Granite City school facilities.

But the pause may be quite brief, subsequent events have indicated.

Supt. Harold M. Kaiser and the school board have scheduled the expenditure of up to \$100,000 for purchase of new school sites during the current school year. And they have allocated another \$50,000 for remodeling of the former downtown post office, which the federal government announced last month that it is turning over to the school district as a special education center.

Now, there is talk of building up to four new school buildings

and adding 38 classrooms at six present schools.

Meeting Tuesday Cost estimates and breakdowns are to be submitted to the board by Dr. Kaiser at its Tuesday, Dec. 10, meeting. Decisions are regarded as a possibility at this meeting.

Site purchases and additions can be carried out by board action. Erection of entirely new buildings would require the approval of voters, who also would be asked to approve higher tax rates to operate the additional facilities. Educational and building fund tax rates have reached the maximums permitted until voters authorize higher rates.

Potential sites for new grade schools are the eastern part of the present Frohardt grade school zone; Mitchell; and the area west of Mitchell, possibly in the vicinity of Old Route 67A.

Current thinking is to use the existing site on Pontoon road near Pontoon Beach for either a junior high or combined elementary-junior high school.

Schools being considered for additions are Granite City high school, Prather junior high school and the Wilson, Niedringhaus, Maryville and Lake grade schools.

Some board members said in the initial discussion last month that they favored immediate approval of some classroom additions so that they could be placed in use next fall, but others felt a month's study and thought would be helpful to all in choosing the best course to follow.

Cost Factors It was noted that classrooms are cheaper when added to present schools whose furnaces, cafeterias, auditoriums and other facilities were designed to accommodate such expansion. The size and design of schools also were cited as cost factors.

At the suggestion of Board Member Daniel Linder, the administrative staff is making a study of experiments being conducted in other school districts to more effectively use existing

as well as arrest tickets and records.

Circuit Judge Chief James O. Monroe Jr. said the conference had been scheduled earlier but was postponed so that latest supreme court rules and uniform traffic tickets would be available to be included in the discussions.

Arrangements for the meeting are being made by Sheriff Barney Fraundorf, and Portell is general chairman, aided by Cecil McCracken.

Heading a workshop program is Gordon Olsen, white State's Atty. Dick H. Mudge Jr. arranged for the speakers.

The Third Judicial Circuit is made up of Madison and Bond counties, and includes St. Clair, Washington, Monroe, Perry and Randolph counties are in the 20th Judicial Circuit.

corrugations in the steel lengthwise from rolls of steel. The roll-form line will be 137 feet long and will include two uncouplers, the roll-former, a flying shear, an inspection table and a piler. The maintenance building will house machinists, welders and millwrights and their equipment.

Overcrowding Next Year

"Overcrowding does not exist in all schools. At GCIS, with the new addition, there is no serious overcrowding, except in halls. However, overcrowded conditions will exist by the 1964-65 school year."

"At the elementary school level, there is still overcrowding at Frohardt and Mitchell. Additions to Mitchell, Nameoki and Maryville have reduced overcrowding, but further study needs to be made in locating school sites and buildings to relieve increased pupil growth in these areas."

"The three junior high schools have a pupil capacity of 3206. Enrollments beyond 3000 are not anticipated until 1965-66. The recent construction has increased pupil stations by 380 pupils. Prather, which is operating at near-capacity, is constructed so that 12 more rooms can be added."

Pontoon Road Campus "In general, site areas should consist of 10 acres for elementary schools and 20 acres for junior and senior high schools. The school district's 20-acre site on Pontoon road meets the requirements for a junior or senior high school or a combined elementary-junior high school."

"Recent home construction reveals that the school district should purchase an elementary school site in the Frohardt area and two elementary sites in the Mitchell area—one adjacent to the present Mitchell school and in the area north of Highway 66 and along Highway Three, and one somewhere in the area north of Pontoon road along Highway 67 to Highway 66."

"Schools which can support additional classrooms are Wilson school, four rooms; Prather junior high, 10 rooms; Granite City high school, new cafeteria with a six-room second story, releasing 10 classrooms; Niedringhaus school, four rooms; Maryville, two rooms; and Lake school, eight rooms."

McGovern Infant Dies In Children's Hospital

Joseph James McGovern Jr., about two months old, son of Mr. and Mrs. Joseph McGovern Sr., 2433 (rear) Adams street, died at 9 p.m. Tuesday at St. Louis Children's Hospital. An autopsy was to be conducted to determine the cause of death.

He was born in Granite City. Other survivors include a brother, Andrew, a sister, Eileen, his grandparents, Mr. and Mrs. Arthur Biggs, Granite City; and his paternal grandmother, Mrs. Eileen McGovern of Tennessee.

An obituary notice appears elsewhere in this issue.

711 Attend Baptist Annual 'M' Program

Baptists from 22 churches in the Madison County Association met in the First Baptist Church, 21st street and Delmar avenue, Monday evening for the annual "M" night program.

The "M" stands for mobilization, which is observed annually on the first Monday in December. It is a project of the Training Union of the Baptist Churches and the work of the union is featured. Each year it is the largest single gathering of the Baptists. This year, 711 were present.

The speaker was Dr. Sterling Price, pastor of Third Baptist Church in St. Louis. In his talk, which was on "Motives," he challenged his listeners to greater activity with purpose. "The motive which prompts action is far more than the doing," Dr. Price said.

The speaker was introduced by Dr. Wilbert Snider, pastor of Calvary Baptist Church, Doyle Jones, association Training Union director, was chairman, and Brooks Holder served as song leader and choir director.

Rev. J. McDaniel, pastor of First Baptist Church, Venice, read the Scripture and offered prayer. A special feature portraying the goals for 1964 was presented by Blaine Bury, Newman Stafford, Mrs. Betty Lewis and Mrs. S. Hopkins.

The First Baptist Church in Madison, Rev. Kenneth McDaniel, pastor, had the largest number present of any church in the Association and the largest percentage.

The men's choir of 40 voices was composed of men from all Baptist Churches in the Association. One of the songs was "Battle Hymn of the Republic," a special arrangement for men.

Arthur LaRose Joins Mitchell Kiwanis Club
A new member, Arthur LaRose, was accepted into the Mitchell Kiwanis Club at the regular meeting Monday night at Art & Norma's Cafe. Five other members were present.

Retiring president Roy Green and incoming president Gene Durett were in Aurora, Ill., attending a Kiwanis leadership session so Golden Barton, vice-president, was in charge of Monday's meeting.

Council Order

GC Aldermen's Absences To Be Compiled

A head count on council attendance by Granite City aldermen is to be compiled by City Clerk A. L. Stevens on an order issued Monday night.

The count was called for by Alderman Samuel Whitmer, who wanted it to go back to the start of the fiscal year, but he was overruled by other aldermen for the count to be limited to the duration of the new no-pay ordinance about two months ago.

The order to Stevens was not authorized without argument. It developed as Alderman Charles W. Moerlein said he had been watching the payments to aldermen. Each alderman is paid \$25 for a regular session with a limit of \$75 a month. The council normally meets three times a month.

Responsibility Needed
Moerlein said someone should be responsible for notifying the controller of any deductions from the \$75 monthly pay to aldermen. Each alderman is paid \$25 for a regular session with a limit of \$75 a month. The council normally meets three times a month.

Other Time Required
He stressed that while his work required him to be on the job at Granite City Steel Co. during council sessions, he had attended whenever possible and spent many hours on city business in his ward.

the event of illness, death in the immediate family and the council's own decision to cover members working night shifts. The other regulations are set by state law.

Opposes Complication
When Whitmer made the motion to go back to May 1, Mrs. Gabrielle Bettencourt objected, saying it should start with the passage of the ordinance.

Pupil Proud Of Signed Picture Of President

David Westbrook, 11, son of Mr. and Mrs. Howard Westbrook, 2156 Adams street, will place among his most treasured possessions two photographs of President Kennedy, one autographed by him, postmarked on the day of his assassination. One of the pictures includes the late president's wife and children.

The family announced this week the receipt of the photographs in response to a letter sent by the Emerson sixth grade pupil. In the letter, he praised the president's record in office and asked for a souvenir picture. The boy's class had been assigned to write to famous persons, with each pupil selecting the recipient of his letter.

The envelope received here showed a postmark of 11:30 a.m. Washington time, two hours before the president was wounded fatally in Texas.

School Guard Hired
For 26th, Madison

Approval for hiring an additional school crossing guard at the intersection recently at 26th street and Madison avenue was given Monday night by Granite City council members.

Recommendation for the guard was made by Mayor Davis, who said the initial request had been made by Lt. Paul Moore of the police department traffic division.

It was brought out there have been several traffic accidents at the intersection recently at the times children would be going to and from school. A large number of Sacred Heart parochial school pupils use the crossing.

Retired police patrolman Ernest Adams, 4013 Adams avenue, was hired for the post. The pay rate is \$6 a day.

Immization Clinic
Will Be Held Saturday

The monthly immunization clinic conducted at St. Elizabeth Hospital by the Tri-City Medical Society, aided by local organizations and volunteers, will be held from 8 to 10 a.m. in the clinic quarters near the 21st street entrance.

The clinic for inoculations is held on the first Saturday of each month and participation has been averaging 200 to 350. It is conducted for persons referred by family physicians, school nurses or welfare agencies.

Kiwanis Will Install Officers Monday Night

Installation of officers and ladies' night will combine as a pre-Christmas party for members of the Granite City Kiwanis Club, their wives and guests, Monday night at the Elks Club. Harry Marshall, who will be installed as new president, attended the Kiwanis leadership school in Aurora, Ill., this week. Eugene Frey, retiring president, presided at Monday's regular meeting.

Four Kiwanians from Edwardsville attended.

Advertising is news, too!

MEMO
TO ADVERTISERS

Through advertising in this paper you can give our readers the up-to-date news about your merchandise and services. Each one of your advertisements can be a newspaper within a newspaper.

Of course you should know all about the circulation of the newspaper that is carrying the news of your business. How many people buy the paper? Where are they located? How was the circulation obtained? To give you this information and many other facts that you need and have a right to know when you buy advertising space, this newspaper is a member of the Audit Bureau of Circulations.

Established in 1914, the Bureau is a cooperative, non-profit association of nearly 4,000 advertisers, advertising agencies and publishers. Its purpose is to furnish advertisers with verified reports on the circulation of its publisher members.

At regular intervals one of the Bureau's large staff of experienced auditors makes a thorough inspection and audit of our circulation records, just as the bank examiner makes a check of your bank's records. The information thus obtained is published in official A.B.C. reports. When you buy space in this newspaper our A.B.C. report tells you just what, in circulation values, you get for your advertising investment.

This newspaper is a member of the Audit Bureau of Circulations.

Advertisers are invited to ask for a copy of our latest A.B.C. report.

GCEC To Hear Talk By Miss Elsie Sloan

Miss Elsie Sloan of Edwardsville, president of the Marquette Division of the Illinois Education Association, will be the speaker at the meeting of the Granite City Education Association meeting on Monday at Niedringhaus school. Announcement was made by Miss Lucy Parrish, president of the Granite City Education Association, at a board meeting this week at Niedringhaus school.

Miss Kay Ware, well-known consultant in education and supervisor of the program for gifted children in the St. Louis public schools, will be the featured speaker at a dinner meeting to be held on Feb. 18. Miss Ware, author of numerous books for children and co-author of the spelling texts used in the

local schools, is a specialist in the field of reading and will discuss teaching children to read. The public will be invited to the dinner meeting to be held at the high school.

Dale Rea, principal of Emerson school, and Miss Hazel Tovey of the business education department at the senior high school will represent the local association at the 110th annual meeting of the Illinois Education Association in Chicago Dec. 26-28.

Miss Parrish reported Monday on a recent board meeting of the Marquette Division at Alton, and Miss Wanda Carroll reported a meeting of the salary-scale committee of the I.E.A. Alton. Reports were made of changes in the downstate teachers' retirement system concerning retirement of teachers prior to age 60. It also was reported that ground-breaking ceremonies were held recently for the home being built by the Illinois Education Association for retired teachers. Group tours to various parts of the world are being planned for members during the summer of 1964 by the state and national associations.

SAFETY CHRISTMAS TREE, one of which appears at each gate at Granite City Steel Co. This one at the North Plant was erected yesterday with all yellow bulbs. Each day the plant completes without a lost-time mishap a yellow bulb will be replaced with a green one. A red bulb will signify a lost time accident. Each tree has enough bulbs to continue the safety campaign until Christmas. On the ladder at the 14-foot tree is Electrician John Paulus, while Electrician Melvin Wuench holds the ladder.

Chamber Adopts Record Budget, Broader Program

A record budget—making possible further expansion of its community improvement programs—was adopted by the Tri-Cities Chamber of Commerce board during a monthly dinner meeting Tuesday evening at the Holiday Inn.

Appointment of Sam Meyer to continue as chairman of the Congressional action committee was approved, and President Chester L. Baker was instructed to appoint a committee to study a proposal for regional planning in the bi-state metropolitan area.

Donald B. Hayes, civic improvement and development committee chairman, announced that it is hoped to place about 15 new trash receptacles in the downtown area within the next few days, as a joint project of the C. of C. and the Associated Retailers.

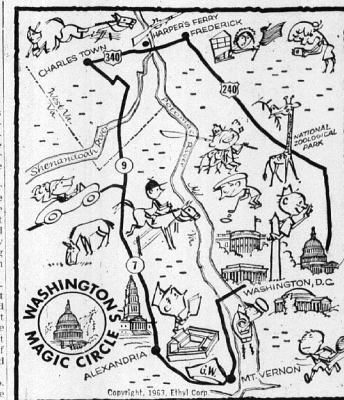

The Nesco Steel Barrel Co. has provided and painted the containers, and suitable tops for them were obtained by Homer Huber, it was reported.

Bus Zone Revisions
R. E. Hohl, head of the transportation and highway committee, announced revisions in local bus zones and fares and expansion of the round-trip bus fare area effective this week.

Carl Mathias reported membership gains and Edwin G. Schmitt submitted reports from the housing and industrial development committees. A discussion brought out that the state is selecting specific areas for removal of industrial projects, rather than making its full list available to Chambers throughout the state, as was done in the past.

Recent meetings of the Horse-shoe Lake development study commission and the Metro-East Chambers of Commerce were reviewed by C. of C. Manager Harlan Dohy. He called attention to a one-day small business conference held yesterday, and said 38 Quad-Cityans participated in a business writing course last month.

A sewerage-drainage committee report showed that the city council pollution committee is to meet tomorrow with state Sanitary Water Board officials. Baker reported that 162 suggestions from members on 1963-

By Edward Collier

After a visit to Washington, D.C., most Americans return home with renewed pride in their country. First landmark on the Magic Circle auto tour is the gleaming 655-foot Washington Monument. From here a grass-carpeted Mall leads to the awesome U.S. Capitol where you can see your elected representatives in action.

Every member of the family will find something exciting in "America's attic"—the Smithsonian Institution. Here is everything from a fashion show beginning with Martha Washington to the blood-trailed Hope Diamond to Lindeberg's "Spirit of St. Louis," which he soloed across the Atlantic.

Sunset shadows soften the massive statue of Abraham Lincoln in his templelike shrine.

While the night floodlighting enhances the white marble rotunda of the Jefferson Memorial, to be seen here are the National Gallery of Art, Library of Congress, Supreme Court Building and the newly refurbished White House. The E.B.L. is a boy's "must."

The route leads to Mount Vernon, the home of our first President, and in nearby Alexandria is the George Washington National Memorial, fashioned after the ancient lighthouse in Egypt. The drive north is through historic Falls Church and the beautiful Virginia countryside to Charles Town, West Virginia, where abolitionist John Brown was hanged. Near by Harper's Ferry was a prize that often changed hands in the Civil War. Returning through Frederick, Maryland, a favorite stop is at the home of favorite Barbara Fritchie.

Charged With Speeding

William L. Mohl, 58, of 2264 Benton street, was arrested by Granite City police at 1:35 p.m. Tuesday at Indiana avenue and Benton on a charge of speeding.

64 activities and objectives have been separated into categories and will be referred to appropriate committees.

Four Drivers Arrested As Police Use Radar

Four drivers were arrested Tuesday morning at 2500 Ponton road by Granite City police who placed their radar unit in operation.

They were William P. Karlus, 26, of 4125 Division street; Genevieve Ridenhour, 61, of 2125 Edison avenue; Churchill W. Martin, 44, of 617 Fleming avenue; and Angeline Hagopian, 40, of 2321 Gary avenue.
